About Us

Since 2003, SM Gulf has been engaged in the trading and distribution of products for the Building and Construction Industries.

SM Gulf has established expertise in the supply and service of building and construction materials, borewell equipment, and earthing materials. Over the past 15 years, our strategic objective has been to distribute HVAC utility products in the Middle East. Today, SM Gulf stands as a pioneer and leader, serving various industrial segments across MENA, including HVAC, MEP, civil construction, infrastructure, commercial, residential, and industrial projects. We are committed to delivering products of the highest standards and quality. Holding the ISO 9001:2005 certification in Quality Management System, we continually strive to demonstrate our commitment to excellence.

We provide our customers with the most innovative and flexible solutions for their needs in the building and construction industry. Our employees possess the right experience in their respective fields to efficiently serve our customers in each product line. We consistently aim to exceed every customer's expectation by delivering the best service within our industry.

Mission

Our mission is to provide valuable products and services with sustainability that will yield returns on your investment. We ensure quality service delivered to your doorstep.

Vision

The vision of SM Gulf is to serve the Middle Eastern market with the finest quality of products and services and to have an increased standing among our customers.
